

# AWARD-WINNING FREIGHT COMPANY

## WHO WE ARE

Specialising in the European road freight sector, Morrison Freight prides itself on its commitment, flexibility and service to its loyal customers.

Established in 1990, operating with one truck from a small office in Suffolk, the company soon established itself within the market and some 30 years later moves approximately 280 trucks throughout Europe on a weekly basis.

Through passion and drive the company continues to grow - more so since a management buyout (MBO) in 2015, which has led to immense growth both personally and commercially.

With a core set of values and a dedicated team, Morrison Freight continues to strive towards its goal of becoming one of the UK's leading logistics operators.

No matter how big or small the customer might be or how frequent their shipments, Morrison Freight will be there to help, add value, reduce worry and build relationships.
